

GOLD LINE DEIS PUBLIC HEARING AGENDA

August 6 and 7, 2008

Welcome to the RTD FasTracks Gold Line Draft Environmental Impact Statement (DEIS) Public Hearing.

As a formal public hearing, there are a few differences between tonight's meeting and previous Gold Line public workshops you may have attended. This evening there will be two separate meeting rooms:

- **Hearing Room** – Here the project team will deliver a brief presentation summarizing the DEIS. Following the presentation, verbal comments on the DEIS will be accepted. DEIS comments can also be submitted at the computer comment stations in this room.
- **Review Room** – Here members of the public can review the DEIS, as well as obtain additional information on a variety of Gold Line issues. Members of the Gold Line Team will be available in this room to help guide you through the DEIS and discuss the project.

The agenda for the public hearing is as follows:

- 6 p.m. CHECK-IN / VERBAL COMMENT REGISTRATION**
If you would like to submit a verbal comment, you must pre-register at the verbal comment registration table.
- 6:15 p.m. GENERAL PRESENTATION**
The project team will summarize the Gold Line DEIS and provide an overview of the analysis conducted to date.
- 6:45 p.m. PUBLIC COMMENT SESSION / DOCUMENT REVIEW**
Verbal comments will be submitted in the Hearing Room immediately following the general presentation. Comments can also be submitted electronically at the computer comment stations or in written format.
